## Symposia/Scientific Sessions – History and Attendance Prepared by Lena Horne Updated Patricia Dolez

	Year	Theme	Location
123	2024	Five technical themes:	Montréal, QC, Edmonton, AB, and Zoom
122	2023	Five technical themes:      Technical textiles in composite materials     PPE-medical     Sportswear     Smart/e-textiles     Recycling/sustainable textiles. Two panel discussions: challenges and opportunities for the textile business/industry related to basic textile education and regulatory compliance	Montréal, QC, Edmonton, AB, and Zoom
121	2022	Five technical themes:  Nonwovens and their technical applications Technical textiles for geotechnical engineering applications Energy-harvesting textiles and flexible materials Next Generation of PPE/PPE innovation Textile sustainability and Recycling Panel discussion: Human Resources in the Textile Industry	Zoom
120	2021	Four themes:  Rapid Innovation-2020 Smart Textiles PPE for COVID-19 Frontline Workers Textile Finishing/Functional Clothing	Zoom
119 <sup>th</sup>	2020	Three themes	Montréal, QC and Edmonton, AB
118 <sup>th</sup>	2019	Comfort in Textile Products – Relevance and Measurement	St. Hyacinthe, QC and Edmonton, AB
